1. Guidance for Candidates

The aim of the Final Diploma examinations is to assess whether a candidate has built on knowledge gained at the Foundation level and reached a minimum level of competency at which the candidate is deemed to be safe to practise. The Final Diploma examinations are based on the core competencies that are expected of a patent attorney.

Final Diploma candidates need to demonstrate that they:

- have a thorough knowledge and understanding of the law;
- can apply their knowledge of the law in a manner that is appropriate to the facts provided and the client's needs; and
- are able to express advice in a clear and consistent manner.

The Final Diploma examinations test candidates' ability to:

- see the overall picture;
- assimilate and make use of data, information, themes and ideas provided;
- extract and identify key issues and consider how best to present these in the context of the situation provided;
- write in a logical, cohesive and clear manner; and
- provide outcomes and proposals that:
 - i. reflect the client's needs and priorities;
 - ii. are based on analysis of information available and, where appropriate, risks and costs;
 - iii. are practicable and achievable; and
 - iv. meet the requirements of relevant law and represent good practice with an appreciation of commercial realities of the situation presented.

This syllabus tests candidates' ability to:

- analyse and prepare advice on UK infringement and validity issues that are appropriate to the facts provided and the client's needs;
- reach an informed opinion on a finely balanced point;
- use information provided to support the opinion reached;

**PEB Final Diploma
Infringement and Validity FD4 (P6)**

- propose actions based solely on information provided;
- identify further information or evidence that may be required for a final opinion but, where necessary, propose actions on the basis of limited information; and
- where appropriate, identify an alternative scenario or interpretation.

Format of PEB syllabuses

Each syllabus contains:

- A **summary** which gives an overview of the examination content and scope.
- A **content** section which advises you what knowledge and/or skills you need for the examination.
- A **learning outcomes** section which describes what you will have to demonstrate in the examination to show that you have the required knowledge and/or skills.
- Lists of the key sections of the **legal provisions** relevant to the content and learning outcomes (where relevant).

**PEB Final Diploma
Infringement and Validity FD4 (P6)**

2. The Syllabus

The syllabus is set out in an order which guides candidates through the tasks to be undertaken in the examination.

Summary: To complete this examination successfully, you will need to demonstrate a full understanding of the law and practice of patent infringement and validity issues in the UK. You will also need to demonstrate an ability to advise lay clients on their best course of action in matters related to patent infringement and validity.

The **Content** advises you what knowledge and skills you need for this examination.

The **Learning Outcomes** describe what you will have to demonstrate in the examination to show that you have the required knowledge and skills.

The final two columns list the key sections of the **legal provisions** relevant to the content.

	Content	Learning Outcomes	<u>Patents Act 1977 and EPC¹ 2000</u>	<u>Patent Rules 2007</u>
1	The law and practice relating to patentable inventions in the UK	a) Apply the law and practice governing patentable inventions to a case b) Construe a patent claim using the principles from Actavis v Eli Lilly [2017] UKSC 48 c) Determine the prior art	PA 1 – Patentable inventions PA 2 – Novelty PA 3 – Inventive step PA 4 – Industrial application PA 125 – Extent of invention	PR5

¹ European Patent Convention

3. Reading List

NB All the Acts and Rules referred to in this syllabus are essential reading.

Other books and/or websites listed here can be used to support your learning. It is not an exhaustive list and other sources of information can be used.

- CIPA Guide to the Patents Acts (2011) Ed. Paul Cole, pub. Sweet and Maxwell (The Black Book)
- Terrell on the Law of Patents (2010) Richard Miller, QC; Guy Burkill, QC; His Honour Judge Birss, QC; Douglas Campbell, pub. Sweet and Maxwell
- How to Pass P6 (2013), Nigel Frankland, pub. CIPA

4. The Examination

This syllabus is assessed via a five hour unseen examination. The pass mark is 50%. Candidates will be instructed to analyse the information provided and undertake the following task:

Your task is to prepare advice to your client on whether the attached granted patent may be enforced and defended.

Prepare notes on which you would base advice in which you:

- a) Provide an opinion on infringement and validity in the UK only.
- b) Identify other patent related legal issues pertinent to the facts presented.
- c) Outline possible actions that may be taken to strengthen your client's legal position.
- d) Summarise the opinions formed in a - c above.
